1. **Welcome; Meeting Summary Review & Public Comment<sup>1</sup>** *John Orr, ARC*
2. **2021 Unified Planning Work Program (UPWP) (ACTION ITEM)** *John Orr, ARC*  
ARC is required each year, per federal regulations, to prepare an annual work program that indicates the major planning indicatives planned for each year. Staff will highlight major new federally funded planning studies that are proposed to be conducted in 2021. Final action on the 2021 UPWP is planned for ARC Committees in November with ARC Board action in December.
3. **Incorporating Resilience into Atlanta’s Data-Driven Transportation Planning Process** *Abby Marinelli, ARC*  
*Tejas Kotak, ARC*  
ARC conducted a two-year resiliency contract with Atkins, and one deliverable is the City Simulator tool. The tool uses data-driven methods to identify areas that are prone to flooding or heat risk, which can cause disruptions to our transportation system. ARC staff will discuss how the tool can be incorporated into transportation planning processes.
4. **Regional Transit On-Board Survey - Update on Work Activities** *Guy Rousseau, ARC*  
ARC, in close partnership with MARTA and other stakeholders, conducted a regional transit on-board survey. This survey was conducted before the COVID-19 pandemic. The transit on-board survey will be used to assist in regional planning and the calibration of the regional travel demand model. The early highlights from the survey will be shared with committee members.
