

2024 Unified Planning Work Program (UPWP) Status Update

Transportation Coordinating Committee

September 8, 2023

What is the UPWP?

- One of the core federally required planning documents for an MPO
- Developed annually
- Identifies metropolitan transportation planning activities performed with federal, state and local funds in the MPO area
- Developed in cooperation with the State, local governments and public transportation operators

2024 Atlanta Region UPWP Highlights*

- Regional Transportation Project Database Overhaul
- Regional Household Travel Survey
- Regional Transportation System Electrification Plan
- Regional Freight and Goods Movement Plan
- Regional Human Services Transportation Plan Update
- ITS4US Complete Trip Deployment Phase 2
- ITS Architecture Plan Update
- Participation Plan Update
- Climate Pollution Reduction Grant Plan
- Regional Clean Electricity Plan

** Selected special studies which are in addition to regular MPO planning functions such as MTP/TIP development, CTPs, LCI plans, etc.*
