

2026 TIP Project Solicitation

GDOT Letter of Concurrence Request Form

Any project application that has a nexus to the state route system must email GDOT at:

ARCTIPsolicitation@dot.ga.gov

to request a Letter of Concurrence. Applications will not be accepted without this GDOT letter. It is strongly recommended that this process start as soon as possible so that it is ready with your application submittal.

To be evaluated, requests to GDOT for such concurrence letters must be accompanied by a project map, a purpose & need statement and a proposed programming table which illustrates the proposed schedule and costs associated with the project. This form is provided to assist with information needed for GDOT to adequately review project proposals and provide a letter of concurrence.

Sponsor Contact Details

- 1) LAP certified project sponsor: ⓘ *Question 1-9 in TIP Infrastructure Application*

- 2) Sponsor project manager name and title: *Question 1-11 in TIP Infrastructure Application*

- 3) Phone number *Question 1-12 in TIP Infrastructure Application*

- 4) Email address *Question 1-13 in TIP Infrastructure Application*

Project Identification Details

- 5) Select a unique identification number for this application. **This ID number must match the ID number created on your application.** If seeking funds for an existing TIP/RTP project, please enter the ARCID here: ⓘ

Question 1-1 in TIP Infrastructure Application

- 6) How will you share project GIS data with GDOT? *Question 1-2 in TIP Infrastructure Application*

Attachment – *Remember to attach to email*

ARC mapping page

- *If you do not have a geodatabase/shapefile available, please click the link below to access the ARC mapping page for project submissions:

 - **Link forthcoming – Please visit ARC’s TIP solicitation page for more information.***
- *Provide a screenshot of project corridor, point(s), or area with enough geographic context in view. Copy and paste on the following page, filling up as much space as possible.*
- *Also provide screenshot as an attachment with email.*

Project Map:

7) Project title: *Question 1-4 in TIP Infrastructure Application*

8) Project termini:  *Question 1-5 in TIP Infrastructure Application*

9) Provide a detailed Purpose and Need Statement for the project: *Question 1-6 in TIP Infrastructure Application*

10) Have you reconfirmed that this project has no conflicts with other projects or existing projects currently in the TIP? This can be checked by referencing GDOT’s GeoPI system and the TIP database.

Yes

No

11) Select the primary project type of this proposal:  *Question 2-5 in TIP Infrastructure Application*

- | | |
|--|--|
| <input type="checkbox"/> Bicycle & Pedestrian | <input type="checkbox"/> Roadway - Transportation System Management & Operations |
| <input type="checkbox"/> Multiuse Trails | <input type="checkbox"/> Transit - Asset Management |
| <input type="checkbox"/> Roadway - Asset Management & Resiliency | <input type="checkbox"/> Miscellaneous Emissions Related Proposal |

12) If implemented, would this proposal best be described as an upgrade or reconstruction of an EXISTING bicycle, pedestrian or multiuse trail facility or construction of a NEW one? *Question 2-6 in TIP Infrastructure Application*

- | | |
|--|-------------------------------|
| <input type="checkbox"/> Upgrade or reconstruction | <input type="checkbox"/> Both |
| <input type="checkbox"/> New construction | |

13) Does this roadway capacity expansion proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *Question 2-7 in TIP Infrastructure Application*

- | | |
|---|---|
| <input type="checkbox"/> Bicycle/Pedestrian | <input type="checkbox"/> Transit Capacity Expansion |
| <input type="checkbox"/> Multiuse Trail | <input type="checkbox"/> None |

14) Does this roadway transportation systems management & operations project proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *Question 2-7 in TIP Infrastructure Application*

- | | |
|---|-------------------------------|
| <input type="checkbox"/> Bicycle/Pedestrian | <input type="checkbox"/> None |
| <input type="checkbox"/> Multiuse Trail | |

15) Does this transit capacity expansion proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *Question 2-8 in TIP Infrastructure Application*

- | | |
|---|-------------------------------|
| <input type="checkbox"/> Bicycle/Pedestrian | <input type="checkbox"/> None |
| <input type="checkbox"/> Multiuse Trail | |

16) Does this roadway asset management proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *Question 2-9 in TIP Infrastructure Application*

- | | |
|---|-------------------------------|
| <input type="checkbox"/> Bicycle/Pedestrian | <input type="checkbox"/> None |
| <input type="checkbox"/> Multiuse Trail | |

17) Is a draft or completed GDOT concept report available for this project? *Question 4-0 in TIP Infrastructure Application*

- Yes – *If yes, remember to attach a copy of the draft or completed GDOT concept report to email*
- No

18) Please list the federal funding amount requested only. If submitting a federal fund request for multiple phases, please enter the total federal request: *Question 4-65 in TIP Infrastructure Application*

- Proposed budgets and schedules can also be provided as an attachment.
For additional examples, see: [Project Schedule Documentation Examples \(.zip\)](#) or visit www.atlantaregional.org/tipsolicitation

Attachment Checklist:

Please remember to attach the following to your email.

Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-PDP Milestones.pdf):

Completed GDOT Letter of Concurrence Request Form

Project Map

If available:

Proposed Programming Table (should include budget, phases and costs)
