**ISSUE SUMMARY: 2026 UNIFIED PLANNING WORK PROGRAM
AND APPLICATION FOR 5303 FUNDS**

FROM: Carlotta Harrell, TAQC Chair

IMPORTANCE:

Federal regulations require ARC, as a Metropolitan Planning Organization, to develop a Unified Planning Work Program (UPWP) that discusses the planning priorities facing the metropolitan planning area and describes all metropolitan transportation and transportation-related air quality planning activities anticipated within the area regardless of funding sources or agencies conducting activities. The UPWP must be developed cooperatively with the State, public transit operators and other planning partners.

The 2026 UPWP is structured as follows:

- ARC Adoption Resolution and FHWA Approval Letter
- Narrative overview of the purpose and organization of the UPWP, information on ARC’s planning boundaries and organization structure, and the regulatory framework for metropolitan transportation planning
- Appendix 1 – 2026 MPO Work Program Summary (from the ARC Annual Work Program and Budget (2026), which describes ARC’s transportation-related work activities for 2026 and is also scheduled for adoption on November 12, 2025)
- Appendix 2 – Relation of ARC Work Activities and Cost Centers to Federally Required Metropolitan Planning Factors
- Appendix 3 – 2025 MPO Work Program Budget Details
- Appendix 4 – Partner Agency Transportation Planning Activities & Studies
- Appendix 5 – Supplemental Information / ARC Organizational Structure and Planning Process

The draft 2026 UPWP was provided to planning partners and the public for review from October 1, 2025 to October 31, 2025. Relevant and appropriate comments received were incorporated into the final document prior to approval.

Per the GDOT grant administrative procedures, this resolution also authorizes ARC to submit an application for Section 5303 metropolitan planning funds appropriated to the MPO.

ACTION REQUIRED: Adoption of the 2026 UPWP and authorization of the submittal 5303 application is recommended.
