

Meeting materials will be posted at [www.atlantaregional.org/crc](http://www.atlantaregional.org/crc) the day before each meeting.  
During meeting, wi-fi access available at "AtlRegional-Guest", pw Community.

## Community Resources Committee

Mark Mathews, Chair

Thursday, September 13, 2018 | 12:15 p.m.

Harry West Conference Room

ARC Offices, 229 Peachtree Street NE Suite 100 Atlanta, Georgia 30303

1. **Welcome, Acceptance of 08/09/18 CRC Meeting Summary, Public Comment period** **Mark Mathews, Chair**
2. **Overview of North Point Livable Centers Initiative** **Kathi Cook, City of Alpharetta**  
*Alpharetta's Community Development Director will present the 2017 LCI plan update for the North Point LCI and discuss the impact and response that development community has had to the plan.*
3. **Regional Snapshot: An Aging Population: Trends and Selected Issues** **Mike Carnathan, ARC**  
*Imminent rapid aging has been a key demographic discussion topic for some time, but the phenomenon is now not one for the future- the future is now and the aging is here. This month's snapshot is a collaboration between three groups at ARC (Research & Analytics, Aging Services, and Communications/Marketing). The snapshot gives a review of past and future trends for the 65+ cohort at the national, metro, and local level- along with 'modules' of material on transportation, housing, and economic impact issues involving and facing the senior population. This presentation will give highlights from the snapshot.*
4. **Update on 33 Degrees North Blogsite** **Mike Carnathan, ARC**  
*The 33N blog, started and maintained by the Research & Analytics Group, has been around now for almost four years. The site presents frequent posts of short web-friendly features that provide regional and local data to increase the relevance of 'broader' national demographic and economic stories for a regional and local audience. The site also serves as a host of snapshot and dashboard content, as well as (more recently) a curator for 'data-driven stories' generated by other groups within the Center for Livable Communities. The blog now has become a key 'content feed' for the agency's What's Next ATL website. This presentation will review site organization and show, and comment on a few selected posts.*
5. **Water Update** **Danny Johnson, ARC**  
*Staff will provide a climate and water supply status update, as well as a very brief update on the Supreme Court case.*
6. **Arts Strategy Update** **Josh Phillipson, ARC**  
*In 2013, the ARC took over the work of the Metro Atlanta Arts and Culture Coalition. Since that time, the agency has supported and fostered a healthier, more connected arts community in the 10-county region. This year, ARC is engaging with consulting firm CivicMoxie to create a strategy for how ARC continues to contribute to the arts, culture, and creative placemaking space in our region. This update will share information on that process and ways leaders can engage with it.*
7. **Other and Committee Introduced Topics** **Group**
8. **Announcements** **Chair**
