Fulton County

Clayton County
# Aerotropolis Overview

## 2017 Milestones

- AACIDs Master Plan: Complete
- Transit Feasibility Study: **Study Underway**
- AeroATL Greenway Plan: **Study Underway**
- Virginia Avenue Corridor Study: **Study Underway**
- Wayfinding and Signage Plan: **Study Underway**
- Virginia Avenue Interchange: **Preliminary Design Completed**

## 2018 New Projects

- **Freight Cluster Plan**
  - Virginia Avenue Streetscape
  - South Fulton Interchange Gateway
  - Phoenix Boulevard Streetscape
  - Camp Creek Streetscape
  - Riverdale Road at I-285 Interchange
Specific Challenges

• ATL Next and Cargo Relocation/Expansion
• Variety of municipalities and counties
• Patchwork of land uses and community priorities
Trouble Spots

- Camp Creek Parkway west of I-285
- Clark Howell Highway/SR 331 @ State Route 85
- Buffington Road at Roosevelt Highway/US 29 and at South Fulton Parkway
- Riverdale Road at I-285
Project Deliverables

• Potential freight investments list across broad cost spectrum
• Educational materials for elected officials and community members
• Land use and development regulations recommendations
• Freight economic impact analysis
Plan Aspirations

• Formulate a strategy to separate residential and industrial traffic to the extent possible
• Facilitate access to freight related employment for Aerotropolis residents
• Investigate the potential impact of future technology and policies on the Aerotropolis
• Demonstrate the economic value of efficient freight movement and employment

Proactive approach
