IMPORTANCE:

The Atlanta Region's Plan is the comprehensive plan to "win the future" through an emphasis on world class infrastructure, support for a competitive economy, and establishing healthy livable communities.

ARC developed The Atlanta Region's Plan, the regional unified plan that encompasses both the Regional Agenda and the Regional Transportation Plan (RTP)/Transportation Improvement Program (TIP), and has sought comprehensive approaches to accommodate economic and population growth sustainably in the Atlanta Region over the next 25 years.

The Atlanta Region's Plan was guided by the Plan Policy Framework, adopted in August 2015, which identifies objectives and policies to support the vision adopted by the Commission in June 2014 (A Draft Aspirational Agenda to Guide the Update of the 2016 Regional Plan).

The Atlanta Region's Plan includes elements of transportation, land use, water quality, workforce development, aging and health resources, arts and culture and more.

The Atlanta Region's Plan was developed through the ARC Committee structure with input from regional stakeholders, local governments, and the public.

Pursuant to the ARC Community Engagement Plan, a 30-day public comment period was conducted December 7, 2015 to January 15, 2016.
