

Holdover from previous solicitation? 

Yes

TIP Project Solicitation - Infrastructure & Capital Investments Application

2026 TIP Solicitation

Application Open: **December 1, 2025 - January 23, 2026 (by 5pm)**

Welcome to the Atlanta Regional Commission's application portal for the 2026 Transportation Improvement Program (TIP) Project Solicitation. All local, regional and state entities eligible to receive FHWA Federal Aid transportation assistance may apply. ARC will award funds from the [Surface Transportation Block Grant Program \(STBG\)](#), which includes the setaside for [Transportation Alternatives Program \(TAP\)](#) and ARC's Livable Centers Initiative (LCI) Implementation program. Also included will be funding awards for the [Carbon Reduction Program \(CRP\)](#).

Funding for this cycle is available for fiscal years 2027 and 2028.

IMPORTANT - PLEASE READ!

Do not attempt to complete this application if your organization either lacks LAP certification or access to a partner LAP- certified agency which will agree to serve as a project sponsor for your organization's application. LAP certification is required in order to administer Federal Aid projects. Accordingly, ARC will not award funds to non-LAP certified applicants. Applications with pending LAP certifications will be accepted. Please visit GDOT's [LAP certification website](#) for more details.

The following represent the different types of requests that are eligible under this application:

New Federal Funding Requests

The following proposal scenarios typify new federal funding requests:

- The proposal seeks to add a completely new project to the TIP, utilizing federal funds on one or more of the project's phases. A new TIP project is defined as one that is not listed in the current TIP/MTP documentation.
- The proposal seeks to advance one or more long range project phases of an existing MTP project into the TIP
- The proposal seeks federal funds for the first time to allocate to one or more phases of a project already programmed in the current TIP (e.g., a 100% local or state funded phase in the current TIP).
- The proposal seeks to add federal funds for the first time to implement a project that was previously awarded with a federally funded scoping (SCP) phase.
- The proposal seeks federal funds to add the remaining phase(s) of a project that was initially only programmed with federal PE funds, during a prior solicitation.

All applications classified as "New Federal Funding Requests" will be required to complete a project deliverability assessment section unless the sponsor can provide a completed GDOT concept report.

Supplemental Federal Funding Requests - Phases Not Funded by ARC:

- The funding request seeks to add federal funds to a TIP project to supplement a previously authorized project activity. An example would include adding a construction (CST) phase in FY 2027 to help complete activities which could not be completed by a previously authorized CST phase in a previous fiscal year.

Important information regarding project funding eligibility:

Funding decisions for this project solicitation will be informed by the [TIP Project Evaluation Framework](#). The first step in the evaluation process focuses on filtering out project proposals that are not supported by regional policy or federal funding eligibility requirements. Project submittals that do not meet the policy filter criteria will not advance to the later stages of technical evaluation and will not be considered for funding. Policy filters are broken out into three categories: general, roadway capacity specific and transit capacity specific. Transit capacity filters only apply to right-of-way (ROW), utility (UTL) and construction (CST) funding requests and do not apply to planning, design or environmental activity. Before submitting a proposal through this application, please carefully consider the following policy filters which ARC staff will utilize in the TIP project solicitation:

General Filters

- Project must originate from a locally adopted plan or an official transit agency plan
- Sponsors must have Qualified Local Government (QLG) status current or pending
- Projects on the state system or right-of-way will not be considered without a letter of support from GDOT
- Project must be federal aid eligible

Roadway Capacity Expansion Filters (Not Applicable for 2026 Application)

- Roads that are four or more lanes must include a median to adhere to the Regional Safety Strategy and GDOT safety standards
- Projects must comply with FHWA's and GDOT's Complete Streets policies and be consistent with ARC's Regional Workbook for Complete Streets, by accommodating all modes in a safe and context sensitive manner; this includes incorporation of Proven Safety Countermeasures that reduce risks for all roadway users.
- Roadway expansions in rural-only areas as designated by the UGPM2 will not be considered. Instead applicants will be encouraged to consider operational and access management solutions.

Transit Capacity Expansion Filters

- Rail and BRT capacity projects must be a part of the MTP and/or the most recent ATL Regional Transit Plan
- Project must demonstrate a firm financial package
- Project must connect to an existing public transit service or regional center

What else do I need to know?

Please note that there is no separate application for LCI projects. LCI sponsors should complete this application for transportation project funding. LCI performance, in addition to policy filters and technical performance, will be assessed for each project that is at least 50% located within an LCI boundary.

Contact Amy Goodwin at agoodwin@atlantaregional.org, if you have questions regarding LCI projects or evaluation process.

As you work through this application, roll the mouse or tap on the 'question mark' (❓) tooltip icons for helpful hints that pertain to the question you are answering.

Additional resources and documentation for this solicitation may be found at: www.atlantaregional.org/tipsolicitation

For application support or general questions, please email: TIPSolicitation@atlantaregional.org.

Table of Contents:

- Section 1 - Sponsor Contact and Project Identification Details
- Section 2 - Project Classification
- Section 3 - Planning Details
- Section 4 - Deliverability Assessment
- Section 5 - Application Review and Submission

Section 1 - Sponsor Contact and Project Identification Details

1-0) Which of the following scenarios below most accurately describes your federal funding request for this proposal? See the tooltip to the right or the previous page of this application for more information: * ❓

- New federal funding request
- Supplemental federal funding request

1-1) Enter a unique identification number for this application. (e.g. AT-01, CO-01, CO-02, etc.). If existing TIP project, enter "N/A", and proceed to Question 1-1a. * ❓

e.g. DK-01

1-1a) If a project is an existing TIP project or was a previous TIP project, enter existing ARC ID:

1-1b) Did you submit an application for this project under GDOT's TA or CMAQ project call? *

- Yes
- No

1-2) How will you share project GIS data with ARC? * ❓

- ARC mapping page

Direct upload

Please visit www.atlantaregional.org/tipsolicitation to download a template file which can be used to submit your own GIS data (direct upload option) or access ARC's mapping page.

Note: Application IDs must match project IDs for sponsor-supplied project mapping data.

1-3) Use button below to attach GIS data. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01.zip): * 

No file chosen

1-4) Project title: *

1-5) Project termini: * 

1-6) Provide a detailed description of the project: *

0/300 words

1-7) Describe the underlying problem which this project is intended to address: * 

0/300 words

1-8) Select a priority level for this particular application relative to any other applications that are to be submitted by your organization: *

First priority Second priority Third priority Fourth priority Fifth priority

Sixth priority or lower

1-9) Select LAP certified project sponsor: * ?

Barrow County

1-10) Enter sponsor: * ?

1-11) Sponsor project manager name and title: *

1-12) Phone number * ?

1-13) Email address *

Confirm *

1-14) Is the project sponsor Local Administered Project (LAP) certified by GDOT? * ?

Yes

No

Certification pending (enter estimated date)

1-15) To sponsor a federal aid project, an applicant must either be or work through a state entity or LAP certified local public agency. Who will administer this project? Please list the eligible entity, point of contact, email and phone number below: *

To check your QLG status, go to <https://apps.dca.ga.gov/LocalGovStatus/planning.asp>

1-16) If required, has the applicant submitting this project either maintained its Qualified Local Government (QLG) status in accordance with the Georgia Department of Community Affairs or is actively working towards reinstatement of QLG status? *

Yes

No

Not required (for state agencies, etc.)

1-17) Is a Community Improvement District (CID) or similar organization that is not eligible to administer federal aid projects partnering with a LAP certified local sponsor as the implementation agent for this project? * ?

Yes

No

Note: All applications submitted by an LAP certified sponsor in partnership with CIDs (or similar organizations) must include the following:

- A letter (or letters) signed by the executive officer (if a CID) and chief elected official (if a local government) which confirms commitment to provide all local match funding amounts required to match the federal amount being requested elsewhere in this application.
- A letter signed by the chief elected official of the local government which confirms that said local government will act as the official project sponsor for the proposal if awarded funds through this solicitation. This local government must be eligible to deliver federal

aid transportation projects.

All documentation must be delivered on official letterhead. You will have the opportunity to provide this required documentation later in this application (see question 4-69).

1-18) Name of organization in which you are submitting this proposal on behalf of: *

e.g. Downtown Rome Community Improvement District

1-19) Organization point-of-contact name and title: *

e.g. John Doe, Executive Director

1-20) Phone number * ?

1-21) Email address *

Confirm *

1-22) Have consultant services already been procured for this project? *

- Yes
 No

Please note that if you are requesting federal funding for PE (A&E services), the following conditions apply:

- Consultants providing A&E services (PE, design, engineering, project management, etc) must be procured in accordance with the Brooks Act, a qualifications based selection process, as well as additional FHWA procurement regulations identified in 23 CFR 172.7.
- Sponsors may be required to reissue RFQ/RFPs for PE (and other A&E services) if previously procured consultants were not acquired in accordance with these federal procurement procedures or if selected consultants are not pre-qualified by GDOT.

However, if the A&E services are funded entirely with local or state funds, then the sponsor may use its own established policies and procedures for procurement which reflect applicable State and local laws.

Brooks Act (USC Title 40, Subtitle 1, Chapter 11): <https://www.gpo.gov/fdsys/granule/USCODE-2015-title40/USCODE-2015-title40-subtitle-1-chap11-sec1101/content-detail.html>

Procurement Regulations (23 CFR 172.7): <https://www.gpo.gov/fdsys/granule/CFR-2001-title23-vol1/CFR-2001-title23-vol1-sec172-7>

1-23) Name of consulting firm: *

1-24) Consultant project manager name and title: *

1-25) Phone number * ?

1-26) Email address *

Confirm *

Section 2 - Project Classification

All project proposals reviewed under the 2026 TIP Solicitation will be evaluated based on the primary project type indicated by project sponsors when submitting an application. The answers to the questions below will establish a primary project type for your proposal and determine which subsequent questions will be asked of you in order to provide ARC staff with the necessary inputs for successful evaluation.

Project Classification

2-1) Since 2017, has the sponsor submitted this proposal during a previous ARC TIP solicitation? *

- Yes
 No

2-2) Select which solicitation(s) below: *

- 2017
 2019
 2022
 2024

2-3) Is the project listed in an approved existing plan, study, capital improvement program or maintenance program? *

- Yes
 No

2-4) Please list the name, adoption year and adoption body of the planning effort in question: *

e.g. Floyd County CTP, 2012, Floyd County BOC

Guidance for question 2-5:

- Select "Transit Asset Management" for Transit Oriented Development (TOD) proposals.

- Select "Miscellaneous Emissions Related Proposals" for projects which call for diesel engine retrofits, non-transit passenger service alternative fuel vehicle & technology improvements or transit vehicle signal priority ITS infrastructure installations.

If you are unsure as to which project type to select for your proposal, please contact ARC for assistance at tipsolicitation@atlantaregional.org.

Please check the following resource to help differentiate between the 'multiuse trail' and 'bicycle & pedestrian' project categories:

[Trails vs Bike/Ped Projects](#)

2-5) Select the primary project type of this proposal: * [?]

- Bicycle & Pedestrian
 Multiuse Trails
 Roadway - Asset Management & Resilience
 Roadway - Transportation System Management & Operations
 Transit - Capacity Expansion
 Transit - Asset Management
 Miscellaneous Emissions Related Proposals

2-6) If implemented, would this proposal best be described as an upgrade or reconstruction of an EXISTING bicycle, pedestrian or multiuse trail facility or construction of a NEW one? *

- Upgrade or reconstruction
 New construction
 Both

2-7) Does this roadway transportation systems management & operations project proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *

- Bicycle/Pedestrian
 Multiuse Trail

None

2-8) Does this transit capacity expansion proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *

Bicycle/Pedestrian

Multiuse Trail

None

2-9) Does this roadway asset management proposal include any of the following secondary project elements? Select all which apply or 'None' to continue: *

Bicycle/Pedestrian

Multiuse Trail

None

▲ 3 / 4 ▼

Section 3 - Planning Details

You have indicated that the primary project type of this proposal is "[pipe:123]". In order to properly evaluate the proposal, please answer the following questions, which provide the required sponsor inputs to allow ARC staff to evaluate your project. For further information, please refer to the [TIP Evaluation Framework manual](http://www.atlantaregional.org/tipsolicitation), which may be found at www.atlantaregional.org/tipsolicitation

Mobility & Access Criterion

🔒 ***Transit expansion specific measure list***

3-1) What percentage of the proposed transit route will operate within dedicated right-of-way? * (?)

e.g. 85%

3-2) What is the peak period average daily headway (in minutes) of the proposed transit service? *

e.g. 15

3-3) What is the off peak average daily headway (in minutes) of the proposed transit service? *

e.g. 30

3-4) If available, please provide any studies or analyses that estimate ridership, job access, or benefit-cost ratio of this project - either conducted internally or by the ATL Authority: (?)

Choose File No file chosen

3-5) Will the project implement [transit signal priority](#) or [queue jumping technology](#)? *

Yes

No

3-6) Describe the technology to be implemented below. Please summarize the impact that the proposed transit signal priority or queue jumping technology have on the reliability of transit service to be provided: *

0/300 words

🔒 ***Transit asset management specific measure list***

3-7) Provide the number of passenger trips per year affected by the proposed transit asset upgrade: *

[***bike/ped and trail specific measure list***](#)

3-8) Describe any sidewalks, side paths, or multiuse trails that exist in the project area or that directly connect to the project area. Include the current width and general condition of these facilities: *

0/300 words

Safety Criterion

3-9) Are you able to provide a typical section diagram or engineering report? *

Yes

No

Please upload the typical section diagram and/or engineering report. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01.pdf) *

No file chosen

3-10) Please describe how at grade crossings will be designed. *

3-11) What is the proposed typical width of the multiuse trail facility? *

3-12) Will the project incorporate one of the following FHWA Proven Safety Countermeasures or other safety measures? Select all which apply or "No" to continue: *

No

Local Road Safety Action Plan

Road Safety Audits

USLIMITS2

Other (specify from countermeasure and crash reduction factor from CMF Clearinghouse or other safety measure)

[***Regional Safety Target Essay for Transit***](#)

3-13) Explain how the project helps to achieve the regional transit safety targets: * ?

0/500 words

Resilience Criterion

Please refer to the [Georgia Stormwater Manual, Volume II](#) and the [GDOT Drainage Design for Highways Manual](#) for examples of flood resilient infrastructure.

3-14) If this project incorporates design elements which mitigate or adapt to flood risks, please provide details and link to any relevant planning documentation below:

0/500 words

3-15) Select the transit modal technology proposed: *

[🔗](#) *****Roadway Asset Management Resilience Criterion*****

3-16) Provide the following asset condition rating values. Select all which apply to the scope of the proposed project. * [?](#)

	Rating Score
Roadway PCI	<input type="text"/>
Roadway IRI	<input type="text"/>
Roadway COPACES	<input type="text"/>
Roadway Other (please specify)	<input type="text"/>

Bridge Rating (NBI)

3-17) What the current age (in years) of the roadway asset that will be replaced or improved by this proposal? * ?

e.g. 35

 *****Transit Asset Management Resilience Criterion*****

3-18) Would the proposed project address deficiencies related to vehicles or facilities? *

- Vehicles
 Facilities

3-19) What the current age (in years) of the facility asset that will be replaced or improved by this proposal? * ?

e.g. 35

3-20) Provide the number of miles between mechanical problem road calls. * ?

e.g. 35

See <https://www.transit.dot.gov/TAM/TERMLite> for more details on TERM.

3-21) What the current FTA TERM rating for this facility or facility component? *

e.g. 35

3-22) What is the current age (in years) of the vehicles(s) that are proposed to be replaced or improved by this project? * ?

e.g. 15

3-23) Has the asset(s) proposed for replacement met or exceeded its useful life benchmark? *

- Yes
 No

More information on this topic may be found at https://www.transit.dot.gov/TAM/gettingstarted/htmlFAQs#ULB_Title

3-24) Select the appropriate FTA Useful Life Benchmark(s) which apply to the vehicles to be replaced by this proposal. The FTA adopted default value in years is listed in parenthesis. * ?

- | | |
|--|---|
| <input type="checkbox"/> Articulated bus (14) | <input type="checkbox"/> Automated guideway vehicle (31) |
| <input type="checkbox"/> Automobile (8) | <input type="checkbox"/> Over-the-road bus (14) |
| <input type="checkbox"/> Bus (14) | <input type="checkbox"/> Cable car (112) |
| <input type="checkbox"/> Cutaway bus (10) | <input type="checkbox"/> Double decked bus (14) |
| <input type="checkbox"/> Ferryboat (42) | <input type="checkbox"/> Heavy rail passenger car (31) |
| <input type="checkbox"/> Inclined plane vehicle (56) | <input type="checkbox"/> Light rail vehicle (31) |

| <input type="checkbox"/> Commuter rail self-propelled passenger car (39) | <input type="checkbox"/> Rubber-tired vintage trolley (14) |
| <input type="checkbox"/> School bus (14) | <input type="checkbox"/> Steel wheel vehicles (25) |
| <input type="checkbox"/> Streetcar (31) | <input type="checkbox"/> Sport utility vehicle (8) |
| <input type="checkbox"/> Trolleybus (13) | <input type="checkbox"/> Aerial tramway (12) |
| <input type="checkbox"/> Van (8) | <input type="checkbox"/> Vintage trolley (58) |

3-25) Provide the fuel type used for the vehicles to be REPLACED by this proposal: *

Diesel ▼

3-26) Provide the fuel type used for the vehicles to be PURCHASED by this proposal: *

CNG ▼

3-27) Provide the number of vehicles to be replaced: *

3-28) Provide the annual miles traveled per vehicle to be replaced: *

3-29) Provide the average model year of alternative fuel vehicle to be purchased: *

3-30) Provide the estimated annual average speed for proposed new vehicles: *

3-31) Provide one of the following: The average maximum dwelling unit per acre statistic under current zoning around a half-mile buffer from proposed transit stops/stations OR current population per square mile around a half-mile buffer from the proposed transit stops/stations: *

Quantity	
Dwelling Units Within Half-Mile of New Stations	<input type="text"/>
Population Within Half-Mile of New Stations	<input type="text"/>

TSMO-Specific Resiliency Criterion

Air Quality & Climate Change Criterion Specific to TSM&O Projects

The following Resilience criterion questions will allow staff to properly evaluate the bicycle/pedestrian or multiuse trail component(s) of your TSM&O proposal.

The following Resilience criterion questions will allow staff to properly evaluate the bicycle/pedestrian or multiuse trail component(s) of your transit capacity expansion proposal.

The following Resilience criterion questions will allow staff to properly evaluate the bicycle/pedestrian or multiuse trail component(s) of your roadway asset management proposal.

3-32) Has the proposed project undergone a detailed analysis of potential bicycle or pedestrian demand through a previous study? *

- Yes
- No

3-33) Please upload a copy of the study. To upload multiple files, package them into a .ZIP archive and then upload: *

Choose File No file chosen

3-34) What is the study-predicted total daily bicycle demand (in trips) for the proposed route? *

3-35) What is the study-predicted total daily pedestrian demand (in trips) for the proposed route? *

3-36) Provide the posted speed limit on the parallel street (miles per hour): *

AADT data may be found at GDOT's Traffic Analysis & Data Application (TADA) platform:

<https://gdottrafficdata.drakewell.com/publicmultinodemap.asp>

3-37) What is the Annual Average Daily Traffic (AADT) on the parallel roadway facility? *

3-38) What is the hourly volume (in both directions) for both the AM and PM peak periods on the parallel roadway facility? *

3-39) Provide the year in which the above quoted AADT estimate originates from: *

3-40) What is the length (in centerline miles) of the proposed project route? *

Equity Criterion

Populations protected under federal law include: older adults, youth, females, racial minorities, ethnic minorities, national origin, Limited English Proficiency (LEP), disability, and low-income. In this section please be specific on how the project will serve any of these communities.

3-41) Does the zoning code which covers the applicant's project area require or provide incentives for affordable housing or workforce housing? *

Yes

No

3-42) Please provide the zoning code citation and direct URL, if available. *

0/200 words

3-43) Please provide details on any HUD-subsidized, low-income housing or households served or connected by this project: *

0/200 words

3-44) Describe how the local communities have been or will be engaged in project planning and prioritization. Note: broader engagement information may be gathered in Section 4. * 

0/200 words

3-45) Describe specific project benefits to the local communities: * 

0/200 words

3-46) Describe any negative externalities that would place any burdens on these communities created by the project (EG. minority-owned business disruption due to construction, lower air quality, or increased speeds near a school zone) along with measures that will be taken to mitigate them: * 

0/200 words

3-49) Under existing conditions, how many general purpose travel lanes does the corridor typical section incorporate? Enter N/A if not applicable. *

3-50) Upon completion, how many general purpose travel lanes will the facility incorporate, in both directions, within a typical section? Enter N/A if not applicable. *

3-51) Will this proposal replace existing fleet vehicles? * 

Yes

No

3-52) Provide the average model year of alternative fuel vehicle to be PURCHASED: *

3-53) Provide the average model year of vehicles to be REPLACED: *

3-54) Provide the type of vehicles to be PURCHASED by this proposal: *

3-55) Provide the type of vehicles to be REPLACED by this proposal: *

3-56) Provide the fuel type used for the vehicles to be PURCHASED by this proposal: *

3-57) Provide the fuel type used for the vehicles to be REPLACED by this proposal: *

3-58) Provide the number of vehicles to be replaced: *

3-59) Provide the estimated annual average speed for proposed new vehicles: *

3-60) Provide the annual miles traveled per vehicle to be replaced: *

Section 4 - Project Deliverability Assessment

Earlier, you classified this application as a "Supplemental Federal Funding Request". Accordingly, staff only require some specific details of how you propose to program the requested funds and a letter of matching funds commitment from your chief elected official. If this classification was made in error, please click on the orange "previous" button below to return to section 1 of this application and update question 1-0.

The following information is intended to identify possible impediments to implementation of the project. This is not intended to disqualify project proposals, but rather help ARC determine the possible need to program additional funds or change the schedule and/or scope to improve project deliverability. In some cases the assessment may lead to a recommendation to conduct a project development study prior to programming in the TIP.

4-0) Is a completed or draft GDOT concept report available for this project? *

- Yes
 No

4-1) Please upload a copy of the completed or draft GDOT concept report: *

 No file chosen

Environmental Screening & Impact Analysis

4-2) Please list the alternatives considered for this project: * 

4-3) What other existing projects will require coordination with this proposal? * 

4-4) Is railroad involvement expected? * ?

- Yes
- No

4-5) Describe the impacts to the railroad and any coordination that has occurred to date. *

4-6) Are multiple jurisdictions involved in this project? * ?

- Yes
- No

4-7) List which jurisdictions are impacted and describe all coordination efforts to date, including any intergovernmental agreements in place. *

4-8) What level of NEPA analysis is this project expected to require? *

- Programmatic Categorical Exclusion (PCE)
- Categorical Exclusion
- Environmental Assessment
- Environmental Impact Statement

4-9) Does the project require Right-of-Way acquisition, including construction easements, from a potential historic or National Register listed property? *

- Yes
- No
- Unsure

4-10) Please describe. *

4-11) Is the project located in a National Register Historic District? *

- Yes
- No

Unsure

4-12) List the district. *

4-13) Do you anticipate disturbance of any archaeological resources? * ?

- Yes
- No
- Unsure

4-14) Please describe. *

4-15) Does the project require Right-of-Way acquisition, including construction easements, from a cemetery, park or recreation area? * ?

- Yes
- No
- Unsure

4-16) Please describe. *

4-17) Does the project require ROW acquisition or construction easement from a property containing underground storage tanks or other hazardous waste site? *

- Yes
- No
- Unsure

4-18) Please describe. *

Please visit <http://www.lrl.usace.army.mil/Portals/64/docs/regulatory/Permitting/PermittingProcessInformation.pdf> for more information.

4-19) Do you anticipate needing a Nationwide, Section 404, and/or other permits from the United States Army Corps of Engineers for this project? *

- Yes

- No
- Unsure

Please visit <http://epd.georgia.gov/erosion-and-sedimentation> for more information.

4-20) Do you anticipate needing a Section 401 Water Quality Certification from the state for this project? *

- Yes
- No
- Unsure

4-21) Will a stream buffer variance be required for this project? *

- Yes
- No
- Unsure

Please visit <http://epd.georgia.gov/erosion-and-sedimentation> and <https://www.epa.gov/cwa-404/compensatory-mitigation> for more information.

4-22) Does this project require wetlands and/or stream mitigation? *

- Yes
- No
- Unsure

Please visit <https://epd.georgia.gov/geographic-information-systems-gis-databases-and-documentation> and <https://epd.georgia.gov/georgia-305b303d-list-documents> for more information.

4-23) Is this project adjacent to or otherwise hydrologically connected to an impaired waterbody? *

- Yes
- No
- Unsure

4-24) Has any Endangered Species Act desktop analysis been conducted for this project? *

- Yes
- No

4-25) Please provide further detail regarding your response to question 4-24 or any responses of 'unsure' or 'yes' to one or more of questions 4-19 through 4-24 here: *

0/250 words

4-26) Will project reduce or increase number of traffic lanes, requiring more advanced air quality and noise impact modeling? *

- Yes
- No
- Unsure

4-27) Please describe. *

4-28) List known utilities in the project area (e.g. communications, electricity, natural gas, water, petroleum product pipelines, etc.) *

0/300 words

4-29) Describe any utility coordination conducted to date. *

4-30) Does the proposed project require the relocation of any utility poles? *

- Yes
- No
- Unsure

4-31) Does the proposed project require burying any above-ground utilities? *

- Yes
- No

4-32) Do you plan to use federal funds for utility relocation? *

- Yes
- No

4-33) Do you understand that federal funds do not permit sole sourcing for purchase and installation of lighting? In other words, you can't just hire GA Power, you must bid the work. *

- Yes
- No

4-34) Describe any public outreach held to date for this project. This may include public meetings, meetings or discussions with stakeholders or affected property/business owners, social media and websites, open houses, outreach held during LCI planning process, or any other public outreach activities: *

4-35) Identify major stakeholders: *

4-36) Describe any organized opposition to the project (if any): *

4-37) List additional public outreach anticipated for the project: *

Design Information

4-38) If constructed, would this project have any impact within the right of way of a GDOT-designated state route or interstate highway? *

Yes

No

4-39) Please request a letter of concurrence from GDOT at ARCTIPSolicitation@dot.ga.gov. Note that this is the only means of requesting such letters.

To be evaluated, requests to GDOT for such concurrence letters must be accompanied by a project map, a purpose & need statement and a proposed programming table which illustrates the proposed schedule and costs associated with the project.

Once received, please upload a copy here: [?](#)

Choose File No file chosen

4-40) Describe the current typical section or existing condition for the project corridor or project site: * [?](#)

4-41) Provide the width of the current Right-of-Way in feet: * ?

4-42) Describe the proposed typical section for the project corridor. * ?

4-43) Provide the width of the proposed Right-of-Way in feet: * ?

4-44) What are the easement requirements for this project? Select all which apply: *

- No easements required
- Temporary
- Permanent
- Utility
- Other (please describe)

4-45) Number of temporary easements: *

4-46) Number of permanent easements: *

4-47) Number of utility easements: *

4-48) Number of other required easements: *

4-49) List the number of parcels within the project corridor/limits: *

4-50) List the number of driveways to be removed within the project corridor/limits: *

4-51) Will any private, off-street parking spaces require removal as a result of Right-of-Way acquisition? *

- Yes
 No

4-52) If yes, list the number of spaces and include a brief explanation as to why: *

0/125 words

4-53) Will this proposal require any displacements? Select all which apply or "no displacements anticipated": * ?

- No displacements anticipated
 Business displacements
 Residential displacements
 Other displacements (please specify)

4-54) Please provide further detail below which explains why these displacements are necessary: *

0/300 words

4-55) Do you understand that the federal Uniform Relocation Act requires that fair market value must be offered for all property acquisition, even for temporary easements? *

- Yes
 No

4-56) Does the jurisdiction have a policy or practice against using condemnation as a last resort ROW acquisition tool? *

- Yes
 No

4-57) Describe how the project meets logical termini criteria: * ?

4-58) Describe any changes to existing or new bridges, culverts, retaining walls or other major structures: *

4-59) Explain how this project complies with GDOT and ARC's Complete Streets policy *

4-60) Select which exceptions to FHWA/AASHTO controlling criteria anticipated for this project: *

	No	Undetermined	Yes
Design Speed	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lane Width	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Shoulder Width	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Horizontal Alignment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Superelevation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Vertical Alignment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Grade	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Stopping Sight Distance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cross Slope	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Vertical Clearance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lateral Offset to Obstruction	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Bridge Structural Capacity	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

4-61) Select which design variances to GDOT standard design criteria are anticipated for this project: *

	No	Undetermined	Yes
Access Control/Median Openings	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Intersection Sight Distance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Intersection Skew Angle	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lateral Offset to Obstruction	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Rumble Strips	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Safety Edge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Median Usage	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Budget & Schedule

4-62) Do you plan on "flexing" potential FHWA funding awarded through this TIP solicitation to the Federal Transit Administration (FTA) for the purposes of project delivery? *

- Yes
- No

4-63) What agency will serve as the FTA grantee? *

4-64) Please provide a letter of support from the FTA grantee. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01.pdf):

 No file chosen

4-65) What is the federal funding request? Please only enter the requested amount and not include existing programming information. Please remember that a 20% match is required. If not requesting funds for certain phases, enter "0". * ?

	Proposed Fiscal Year	Federal Share (80% max)	Non-Federal Share (20% min)	Total Cost
PE	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
ROW	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
UTL	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
CST	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Additional Attachments & Supporting Documentation

4-66) Please attach available design documents, including, but not limited to, typical section, concept layout, concept report. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-Concept Visual.pdf): ?

 No file chosen

To see an example project schedule, please visit www.atlantaregional.org/tipsolicitation

4-67) Attach a proposed GDOT PDP milestone project schedule. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-PDP Milestones.pdf): ?

 No file chosen

All resolution materials must be submitted by April 30, 2026.

If resolution materials are not accessible by the application deadline, kindly inform us either by uploading a PDF indicating when your board anticipates taking action.

4-68) Attach funding match commitment AND project sponsor support resolution documentation from the local governing body or bodies. This documentation provides assurances to the ARC Board that the proposed sponsor of the project is willing to fulfill all applicable financial and administrative requirements associated with delivering a federal aid transportation project. All project sponsor support documentation must be on official letterhead and signed by the chief elected official of the local government that is serving as the project sponsor. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-Match Commitment.pdf). Documentation may be covered by one or multiple files. If sending multiple documents, package them into a single .ZIP archive file: * ?

 No file chosen

Note: All applications submitted by CIDs (or similar organizations) must include the following:

- A letter (or letters) signed by the executive officer (if a CID) and/or chief elected official (if a local government) which confirms commitment to provide all local match funding amounts required to match the federal amount being requested elsewhere in this application.
- A letter signed by the chief elected official of the local government which confirms that said local government will act as the official project sponsor for the proposal if awarded funds through this solicitation. This local government must be eligible to deliver federal aid transportation projects.

All documentation must be delivered on official letterhead.

Correspondence should be addressed to:

Anna Roach
Atlanta Regional Commission
229 Peachtree Street, Suite 100
Atlanta, Georgia 30303

4-69) If available, attach letters of support from any agencies or entities impacted by this project. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-Support Letter.pdf). If sending multiple documents, package them into a single .ZIP archive file: ?

Choose File No file chosen

5 / 6

Section 5 - Review and Submit Application

Please review your application before submitting. Note that you can edit this application (even after it has been submitted) with your ARC-supplied user credentials until the 2026 TIP Solicitation submission period closes on January 23, 2026.

Questions which did not require an answer will display the string "Not Required/Not Applicable."

SECTION 1 – SPONSOR CONTACT AND PROJECT IDENTIFICATION DETAILS

1-0) Which of the following scenarios below most accurately describes your federal funding request for this proposal? See the tooltip to the application for more information: = [pipe:333?N/A]

1-1) Enter a unique identification number for this application. (e.g. AT-01, CO-01, CO-02, etc.). If existing TIP project, go to Question 1-1a. = [pi

1-1a) If a project is an existing TIP project or was a previous TIP project, enter existing ARC ID:[pipe:511?N/A]

1-2) How will you share project GIS data with ARC? = [pipe:12?N/A]

1-3) Use button below to attach GIS data. Be sure to match the file name to the unique project identification number selected earlier for this

1-4) Project title: = [pipe:8?N/A]

1-5) Project termini: = [pipe:13?N/A]

1-6) Provide a detailed description of the project: = [pipe:327?N/A]

1-7) Describe the underlying problem which this project is intended to address: = [pipe:481?N/A]

1-8) Select a priority level for this particular application relative to any other applications that are to be submitted by your organization = [pip

1-9) Select LAP certified project sponsor: = [pipe:166?N/A]

1-10) Enter sponsor: = [pipe:14?N/A]

1-11) Sponsor project manager name and title: = [pipe:15?N/A]

1-12) Phone number = [pipe:16?N/A]

1-13) Email address = [pipe:120?N/A]

1-14) Is the project sponsor Local Administered Project (LAP) certified by GDOT? = [pipe:21?N/A]

1-15) To sponsor a federal aid project, an applicant must either be or work through a state entity or LAP certified local public agency. Who will be the eligible entity, point of contact, email and phone number below: = [pipe:100?N/A]

1-16) If required, has the applicant submitting this project either maintained its Qualified Local Government (QLG) status in accordance with 28 C.F.R. 101.10 or is actively working towards reinstatement of QLG status? = [pipe:92?N/A]

1-17) Is a Community Improvement District (CID) or similar organization that is not eligible to administer federal aid projects partnering with the applicant as the implementation agent for this project? = [pipe:119?N/A]

1-18) Name of organization in which you are submitting this proposal on behalf of: = [pipe:112?N/A]

1-19) Organization point-of-contact name and title: = [pipe:19?N/A]

1-20) Phone number: = [pipe:93?N/A]

1-21) Email address: = [pipe:18?N/A]

1-22) Have consultant services already been procured for this project?: = [pipe:101?N/A]

1-23) Name of consulting firm: = [pipe:102?N/A]

1-24) Consultant project manager name and title: = [pipe:103?N/A]

1-25) Phone number: = [pipe:104?N/A]

1-26) Email address: = [pipe:105?N/A]

SECTION 2 – PROJECT CLASSIFICATION

2-1) Since 2017, has the sponsor submitted this proposal during a previous ARC TIP solicitation? = [pipe:115?N/A]

2-2) Select which solicitation(s) below: = [pipe:116?N/A]

2-3) Is the project listed in an approved existing plan, study, capital improvement program or maintenance program? = [pipe:117?N/A]

2-4) Please list the name, adoption year and adoption body of the planning effort in question: = [pipe:163?N/A]

2-5) Select the primary project type of this proposal: = [pipe:123?N/A]

2-6) If implemented, would this proposal best be described as an upgrade or reconstruction of an EXISTING bicycle, pedestrian or multiuse trail? = [pipe:324?N/A]

2-7) Does this roadway transportation systems management & operations project proposal include any of the following secondary project elements? Select all which apply or 'None': = [pipe:292?N/A]

2-8) Does this transit capacity expansion proposal include any of the following secondary project elements? Select all which apply or 'None': = [pipe:325?N/A]

2-9) Does this roadway asset management proposal include any of the following secondary project elements? Select all which apply or 'None': = [pipe:326?N/A]

SECTION 3 – PLANNING DETAILS

- 3-1) What percentage of the proposed transit route will operate within dedicated right-of-way? = [pipe:155?N/A]
- 3-2) What is the peak period average daily headway (in minutes) of the proposed transit service? = [pipe:156?N/A]
- 3-3) What is the off peak average daily headway (in minutes) of the proposed transit service? = [pipe:288?N/A]
- 3-4) If available, please provide any studies or analyses that estimate ridership, job access, or benefit-cost ratio of this project - either conducted or planned. = [pipe:487?N/A]
- 3-5) Will the project implement transit signal priority or queue jumping technology? = [pipe:367?N/A]
- 3-6) Describe the technology to be implemented below. Please summarize the impact that the proposed transit signal priority or queue jumping technology will have on transit service to be provided: = [pipe:377?N/A]
- 3-7) Provide the number of passenger trips per year affected by the proposed transit asset upgrade: = [pipe:354?N/A]
- 3-8) Describe any sidewalks, side paths, or multiuse trails that exist in the project area or that directly connect to the project area. Include the location and type of these facilities: = [pipe:489?N/A]
- 3-9) Are you able to provide a typical section diagram or engineering report? = [pipe:507?N/A]
- 3-10) Please describe how at grade crossings will be designed. = [pipe:505?N/A]
- 3-11) What is the proposed typical width of the multiuse trail facility? = [pipe:508?N/A]
- 3-12) Will the project incorporate one of the following FHWA Proven Safety Countermeasures or other safety measures? Select all which apply: = [pipe:512?N/A]
- 3-13) Explain how the project helps to achieve the regional transit safety targets: = [pipe:188?N/A]
- 3-14) If this project incorporates design elements which mitigate or adapt to flood risks, please provide details and link to any relevant planning documents: = [pipe:513?N/A]
- 3-15) Select the transit modal technology proposed: = [pipe:157?N/A]
- 3-16) Provide the following asset condition rating values. Select all which apply to the scope of the proposed project.
- 3-16A) Rating Score
- Roadway PCI: = [pipe:409-0-0?N/A]
- Roadway IRI: = [pipe:409-0-1?N/A]
- Roadway COPACES: = [pipe:409-0-2?N/A]
- Roadway Other (please specify): = [pipe:409-0-3?N/A]
- Bridge Rating (NBI): = [pipe:409-0-4?N/A]
- 3-17) What the current age (in years) of the roadway asset that will be replaced or improved by this proposal? = [pipe:411?N/A]
- 3-18) Would the proposed project address deficiencies related to vehicles or facilities? = [pipe:192?N/A]

- 3-19) What the current age (in years) of the facility asset that will be replaced or improved by this proposal? = [pipe:184?N/A]
- 3-20) Provide the number of miles between mechanical problem road calls: = [pipe:376?N/A]
- 3-21) What the current FTA TERM rating for this facility or facility component? = [pipe:375?N/A]
- 3-22) What is the current age (in years) of the vehicles(s) that are proposed to be replaced or improved by this project? = [pipe:159?N/A]
- 3-23) Has the asset(s) proposed for replacement met or exceeded its useful life benchmark? = [pipe:160?N/A]
- 3-24) Select the appropriate FTA Useful Life Benchmark(s) which apply to the vehicles to be replaced by this proposal. The FTA adopted def: [pipe:369?N/A]
- 3-25) Provide the fuel type used for the vehicles to be REPLACED by this proposal: = [pipe:196?N/A]
- 3-26) Provide the fuel type used for the vehicles to be PURCHASED by this proposal: = [pipe:197?N/A]
- 3-27) Provide the number of vehicles to be replaced: = [pipe:195?N/A]
- 3-28) Provide the annual miles traveled per vehicle to be replaced: = [pipe:194?N/A]
- 3-29) Provide the average model year of alternative fuel vehicle to be purchased: = [pipe:419?N/A]
- 3-30) Provide the estimated annual average speed for proposed new vehicles: = [pipe:418?N/A]
- 3-31) Provide one of the following: The average maximum dwelling unit per acre statistic under current zoning around a half-mile buffer from current population per square mile around a half-mile buffer from the proposed transit stops/stations:
- 3-31A) Quantity:
- Dwelling Units Within Half-Mile of New Stations: = [pipe:415-0-0?N/A]
- Population Within Half-Mile of New Stations: = [pipe:415-0-1?N/A]
- 3-32) Has the proposed project undergone a detailed analysis of potential bicycle or pedestrian demand through a previous study? = [pipe:17
- 3-33) Please upload a copy of the study. To upload multiple files, package them into a .ZIP archive and then upload: = [pipe:329?N/A]
- 3-34) What is the study-predicted total daily bicycle demand (in trips) for the proposed route? = [pipe:174?N/A])
- 3-35) What is the study-predicted total daily pedestrian demand (in trips) for the proposed route? = [pipe:175?N/A])
- 3-36) Provide the posted speed limit on the parallel street: = [pipe:138?N/A]
- 3-37) What is the Annual Average Daily Traffic (AADT) on the parallel roadway facility? = [pipe:136?N/A]
- 3-38) What is the hourly volume (in both directions) for both the AM and PM peak periods on the parallel roadway facility? = [pipe:401?N/A])
- 3-39) Provide the year in which the above quoted AADT estimate originates from: = [pipe:137?N/A]
- 3-40) What is the length (in centerline miles) of the proposed project route? = [pipe:139?N/A])

3-41) Does the zoning code which covers the applicant's project area require or provide incentives for affordable housing or workforce housing? = [pipe:407?N/A]

3-42) Please provide the zoning code citation and direct URL, if available. = [pipe:407?N/A]

3-43) Please provide details on any HUD-subsidized, low-income housing or households served or connected by this project: = [pipe:484?N/A]

3-44) Describe how these local communities have been or will be engaged in project planning and prioritization. Note: broader engagement in project planning and prioritization = [pipe:346?N/A]

3-45) Describe specific project benefits to these communities: = [pipe:186?N/A]

3-46) Describe any negative externalities that would place any burdens on these communities created by the project (e.g. minority-owned business closures, increased speeds near a school zone) along with measures that will be taken to mitigate them: = [pipe:483?N/A]

3-49) Under existing conditions, how many general purpose travel lanes does the corridor typical section incorporate? = [pipe:229?N/A]

3-50) Upon completion, how many general purpose travel lanes will the facility incorporate, in both directions, within a typical section? = [pipe:229?N/A]

3-51) Will this proposal replace existing fleet vehicles? = [pipe:203?N/A]

3-52) Provide the average model year of alternative fuel vehicle to be PURCHASED: = [pipe:420?N/A]

3-53) Provide the average model year of vehicles to be REPLACED: = [pipe:422?N/A]

3-54) Provide the type of vehicles to be PURCHASED by this proposal: = [pipe:206?N/A]

3-55) Provide the type of vehicles to be REPLACED by this proposal: = [pipe:199?N/A]

3-56) Provide the fuel type used for the vehicles to be PURCHASED by this proposal: = [pipe:205?N/A]

3-57) Provide the fuel type used for the vehicles to be REPLACED by this proposal: = [pipe:204?N/A]

3-58) Provide the number of vehicles to be replaced: = [pipe:201?N/A]

3-59) Provide the estimated annual average speed for proposed new vehicles: = [pipe:421?N/A]

3-60) Provide the annual miles traveled per vehicle to be replaced: = [pipe:202?N/A]

SECTION 4 – PROJECT DELIVERABILITY ASSESSMENT

4-0) Is a completed GDOT concept report available for this project? = [pipe:334?N/A]

4-1) Please upload a copy of the completed GDOT concept report: = [pipe:335?N/A]

4-2) Please list the alternatives considered for this project: = [pipe:27?N/A]

4-3) What other existing projects will require coordination with this proposal? = [pipe:31?N/A]

4-4) Is railroad involvement expected? = [pipe:32?N/A]

4-5) Describe the impacts to the railroad and any coordination that has occurred to date. = [pipe:34?N/A]

4-6) Are multiple jurisdictions involved in this project? = [pipe:33?N/A]

- 4-7) List which jurisdictions are impacted and describe all coordination efforts to date, including any intergovernmental agreements in place
- 4-8) What level of NEPA analysis is this project expected to require? = [pipe:36?N/A]
- 4-9) Does the project require Right-of-Way acquisition, including construction easements, from a potential historic or National Register listed
- 4-10) Please describe. = [pipe:45?N/A]
- 4-11) Is the project located in a National Register Historic District? = [pipe:38?N/A]
- 4-12) List the district. = [pipe:46?N/A]
- 4-13) Do you anticipate disturbance of any archaeological resources? = [pipe:39?N/A]
- 4-14) Please describe. = [pipe:47?N/A]
- 4-15) Does the project require Right-of-Way acquisition, including construction easements, from a cemetery, park or recreation area? = [pipe:
- 4-16) Please describe. = [pipe:48?N/A]
- 4-17) Does the project require ROW acquisition or construction easement from a property containing underground storage tanks or other ha:
- 4-18) Please describe. = [pipe:49?N/A]
- 4-19) Do you anticipate needing a Nationwide, Section 404, and/or other permits from the United States Army Corps of Engineers for this prc
- 4-20) Do you anticipate needing a Section 401 Water Quality Certification from the state for this project? = [pipe:269?N/A]
- 4-21) Will a stream buffer variance be required for this project? = [pipe:270?N/A]
- 4-22) Does this project require wetlands and/or stream mitigation? = [pipe:271?N/A]
- 4-23) Is this project adjacent to or otherwise hydrologically connected to an impaired waterbody? = [pipe:272?N/A]
- 4-24) Has any Endangered Species Act desktop analysis been conducted for this project? = [pipe:273?N/A]
- 4-25) Please provide further detail regarding your response to question 4-24 or any responses of 'unsure' or 'yes' to one or more of questions
- 4-26) Will project reduce or increase number of traffic lanes, requiring more advanced air quality and noise impact modeling? = [pipe:43?N/A]
- 4-27) Please describe. = [pipe:51?N/A]
- 4-28) List known utilities in the project area (e.g. communications, electricity, natural gas, water, petroleum product pipelines, etc.): = [pipe:55
- 4-29) Describe any utility coordination conducted to date. = [pipe:54?N/A]
- 4-30) Does the proposed project require the relocation of any utility poles? = [pipe:55?N/A]

- 4-31) Does the proposed project require burying any above-ground utilities? = [pipe:56?N/A]
- 4-32) Do you plan to use federal funds for utility relocation? = [pipe:57?N/A]
- 4-33) Do you understand that federal funds do not permit sole sourcing for purchase and installation of lighting? In other words, you can't just work. = [pipe:58?N/A]
- 4-34) Describe any public outreach held to date for this project. This may include public meetings, meetings or discussions with stakeholder social media and websites, open houses, outreach held during LCI planning process, or any other public outreach activities: = [pipe:60?N/A]
- 4-35) Identify major stakeholders: = [pipe:61?N/A]
- 4-36) Describe any organized opposition to the project (if any): = [pipe:62?N/A]
- 4-37) List additional public outreach anticipated for the project: = [pipe:63?N/A]
- 4-38) If constructed, would this project have any impact within the right of way of a GDOT-designated state route or interstate highway? = [pipe:64?N/A]
- 4-39) Please request a letter of concurrence from GDOT at ARCTIPSolicitation@dot.ga.gov. Note that this is the only means of requesting such a copy here: = [pipe:337?N/A]
- 4-40) Describe the current typical section or existing condition for the project corridor or project site: = [pipe:64?N/A]
- 4-41) Provide the width of the current Right-of-Way in feet: = [pipe:65?N/A]
- 4-42) Describe the proposed typical section for the project corridor. = [pipe:66?N/A]
- 4-43) Provide the width of the proposed Right-of-Way in feet: = [pipe:67?N/A]
- 4-44) What are the easement requirements for this project? Select all which apply: = [pipe:68?N/A]
- 4-45) Number of temporary easements: = [pipe:71?N/A]
- 4-46) Number of permanent easements: = [pipe:72?N/A]
- 4-47) Number of utility easements: = [pipe:73?N/A]
- 4-48) Number of other required easements: = [pipe:74?N/A]
- 4-49) List the number of parcels within the project corridor/limits: = [pipe:69?N/A]
- 4-50) List the number of driveways to be removed within the project corridor/limits: = [pipe:70?N/A]
- 4-51) Will any private, off-street parking spaces require removal as a result of Right-of-Way acquisition? = [pipe:76?N/A]
- 4-52) If yes, list the number of spaces and include a brief explanation as to why: = [pipe:77?N/A]
- 4-53) Will this proposal require any displacements? Select all which apply or "no displacements anticipated: = [pipe:339?N/A]
- 4-54) Please provide further detail below which explains why these displacements are necessary: = [pipe:338?N/A]
- 4-55) Do you understand that the federal Uniform Relocation Act requires that fair market value must be offered for all property acquisition, etc. = [pipe:338?N/A]

4-56) Does the jurisdiction have a policy or practice against using condemnation as a last resort tool? = [pipe:79?N/A]

4-57) Describe how the project meets logical termini criteria: = [pipe:80?N/A]

4-58) Describe any changes to existing or new bridges, culverts, retaining walls or other major structures: = [pipe:81?N/A]

4-59) Explain how this project complies with GDOT and ARC's Complete Streets policy: = [pipe:83?N/A]

4-60) Select which exceptions to FHWA/AASHTO controlling criteria anticipated for this project:)

Design Speed = [pipe:82-0?N/A]

Lane Width = [pipe:82-1?N/A]

Shoulder Width = [pipe:82-2?N/A]

Horizontal Alignment = [pipe:82-3?N/A]

Superelevation = [pipe:82-4?N/A]

Vertical Alignment = [pipe:82-5?N/A]

Grade = [pipe:82-6?N/A]

Stopping Sight Distance = [pipe:82-7?N/A]

Cross Slope = [pipe:82-8?N/A]

Vertical Clearance = [pipe:82-9?N/A]

Lateral Offset to Obstruction = [pipe:82-10?N/A]

Bridge Structural Capacity = [pipe:82-11?N/A]

4-61) Select which design variances to GDOT standard design criteria are anticipated for this project:

Access Control/Median Openings = [pipe:85-0?N/A]

Intersection Sight Distance = [pipe:85-1?N/A]

Intersection Skew Angle = [pipe:85-2?N/A]

Lateral Offset to Obstruction = [pipe:85-3?N/A]

Rumble Strips = [pipe:85-4?N/A]

Safety Edge = [pipe:85-5?N/A]

Median Usage = [pipe:85-6?N/A]

Roundabout Illumination Levels = [pipe:85-7?N/A]

Complete Streets = [pipe:85-8?N/A]

ADA & PROWAG = [pipe:85-9?N/A]

GDOT Construction Standards = [pipe:85-10?N/A]

GDOT Drainage Manual = [pipe:85-11?N/A]

GDOT Bridge and Structural Manual = [pipe:85-12?N/A]

4-62) Do you plan on "flexing" potential FHWA funding awarded through this TIP solicitation to the Federal Transit Administration (FTA) for the project? = [pipe:86?N/A]

4-63) What agency will serve as the FTA grantee? = [pipe:89?N/A]

4-64) Please provide a letter of support from the FTA grantee. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to use the project identification number selected earlier for this proposal (e.g. CO-01.pdf): = [pipe:90?N/A]

4-65) What is the federal funding request? Please only enter the requested amount and not include existing programming information. Please

4-65A) Proposed Fiscal Year

PE = [pipe:91-0-0]

ROW = [pipe:91-0-1]

UTL = [pipe:91-0-2]

CST = [pipe:91-0-3]

4-65B) Federal Funds (80% max)

PE = [pipe:91-1-0]

ROW = [pipe:91-1-1]

UTL = [pipe:91-1-2]

CST = [pipe:91-1-3]

4-65C) Non-Federal Share (20% min)

PE = [pipe:91-2-0]

ROW = [pipe:91-2-1]

UTL = [pipe:91-2-2]

CST = [pipe:91-2-3]

4-65D) Total Cost

PE = [pipe:91-3-0]

ROW = [pipe:91-3-1]

UTL = [pipe:91-3-2]

CST = [pipe:91-3-3]

4-66) Please attach available design documents, including, but not limited to, typical section, concept layout, concept report. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-Concept Documents.pdf) = [pipe:278?N/A]

4-67) Attach a proposed GDOT PDP milestone project schedule. To upload multiple files, package them into a .ZIP archive and then upload. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-PDP Milestones.pdf) = [pipe:278?N/A]

4-68) Attach signed and approved funding match commitment and project support resolution documentation from the local governing body to the unique project identification number selected earlier for this proposal (e.g. CO-01-Match Commitment.pdf). If sending multiple documents, package them into a single .ZIP archive file: = [pipe:279?N/A]

4-69) If available, attach letters of support from any agencies or entities impacted by this project. Be sure to match the file name to the unique project identification number selected earlier for this proposal (e.g. CO-01-Support Letter.pdf). If sending multiple documents, package them into a single .ZIP archive file: = [pipe:279?N/A]
