WHAT IS CDAP?

The Community Development Assistance Program (CDAP) provides planning assistance to local governments, CIDs, & non-profits across the 10-county metropolitan region to undertake local planning activities that advance the goals of the Atlanta Region's Plan.

PROGRAM GOALS:

- Implement the Atlanta Region's Plan at the local level
- Advance socially equitable planning processes & outcomes
- Promote community resiliency to safeguard against future shocks & stressors
- Foster comprehensive, inclusive, & meaningful community engagement

WHAT'S NEW FOR 2021?

SOCIAL EQUITY

The just & fair inclusion into society in which all can participate, prosper, & reach their full potential. Equitable policies & programs address the harm from past planning outcomes & eliminate present & future harm to people of color, minority communities, seniors, disabled-persons, the LGBTQ community, etc.¹

1. Definition taken in part from the American Planning Association

COMMUNITY RESILIENCY

The capacity for individuals, communities, institutions, businesses, & systems to survive, adapt, & grow no matter what kinds of chronic stresses & acute shocks they experience.²

Without equity, there is no resilience.

2. Definition & quote from the Resilient Cities Network
