LCI & CDAP

2020 CALL FOR PROJECTS

ARC

PROGRAM GOALS

LCI Program Goals

- Encourage a diversity of housing, employment, commercial, shopping, and recreation land uses

- Enhance access to a range of travel modes

- Foster public-private partnerships and sustained community support.

CDAP PROGRAM GOALS:

- Implement the Atlanta Region's Plan at the local level

- Provide direct technical assistance to local governments and non-profits

- Leverage the entire agency's intellectual capital to generate actionable and holistic solutions

CDAP & LCI PRIORITY ISSUE AREAS
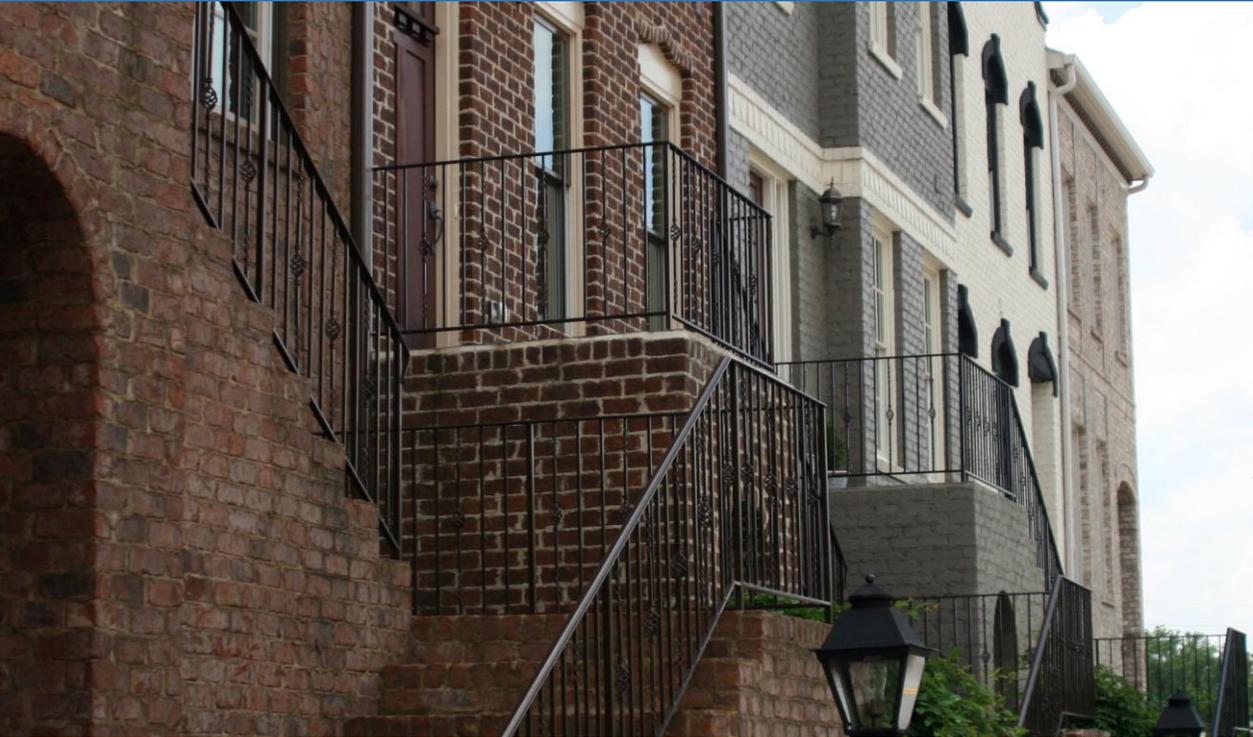

GREEN INFRASTRUCTURE

Our region will continue to experience weather extremes with increasing frequency. Resilient urban design & land use policies can incorporate innovative stormwater management as well as protect natural resources.

CREATIVE PLACEMAKING

When artists and arts organizations join their neighbors in shaping their community's future, communities can creatively address challenges and opportunities for place-based community outcomes.

CDAP & LCI PRIORITY ISSUE AREAS

HOUSING AFFORDABILITY

Understanding and addressing the growing lack of affordable housing options for a majority of our region's workforce will be critical to our region's economic success.

SMART COMMUNITIES

Technology's influence on our communities will continue to grow. It is critical that we gain a better understanding of how to use data and technological innovations to address local community issues.

CDAP PRIORITY ISSUE AREAS

ACCESS TO HEALTHY FOOD

Land use policies supporting community agriculture, local food production, & access to healthy food retail opportunities are critical to creating both an equitable & resilient region.

HISTORIC PRESERVATION

Preserving historical buildings & places is a means of valuing our region's past. It is also sustainable, as preserving existing structures reduces waste & need for new materials.

CDAP PRIORITY ISSUE AREAS

LIFELONG COMMUNITIES

By 2030, 20% of the region's population is expected to be over the age of 60. Programs, services, & infrastructure should adequately serve the needs of this growing population.

WORKFORCE DEVELOPMENT

As the impact of technology on our workforce & communities grows, local governments need to develop strategies to help retain small businesses & ensure residents receive the training & education they need.

LIVABLE CENTERS INTIATIVE

ARC

LCI PROGRAM INFORMATION

- **Reimbursable grant program.**
  - **ARC pays up to 80% of the study amount**

LCI FOCUS AREAS

MAIN STREETS & DOWNTOWNS

TRANSIT AREAS

COMMUNITY DEVELOPMENT ASSISTANCE PROGRAM

ARC

TYPES OF CDAP ASSISTANCE

ARC STAFF ASSISTANCE
- Community must dedicate cash contribution.

PARTNER ASSISTANCE
- Fee structures differ between organizations.

GRANT ASSISTANCE
- Very few are awarded annually.
- Project requires strong transportation element.
- A local match of 20% minimum is required, similar to LCI.
- Unlike staff and partner assistance, non-profits are <u>not</u> eligible.

ARC STAFF ASSISTANCE

11 Projects*

PARTNER-LED ASSISTANCE

4 Projects*

GRANT ASSISTANCE

2 Projects*

*During the 2019 call for projects, ARC awarded staff assistance to 11 recipients, partner-led assistance to 4 recipients, and grant assistance to 2 recipients.

CDAP PARTNERS

The organizations listed below lend their expertise to provide project assistance to CDAP. Their funding structures may vary from that of ARC.

TYPES OF CDAP PROJECTS

PLANNING

Community-driven and long-range planning assistance to guide neighborhood, community-wide, sub-regional, and county level decision-making.

IMPLEMENTATION

Strategic assistance to implement high-priority action items identified in adopted plans.
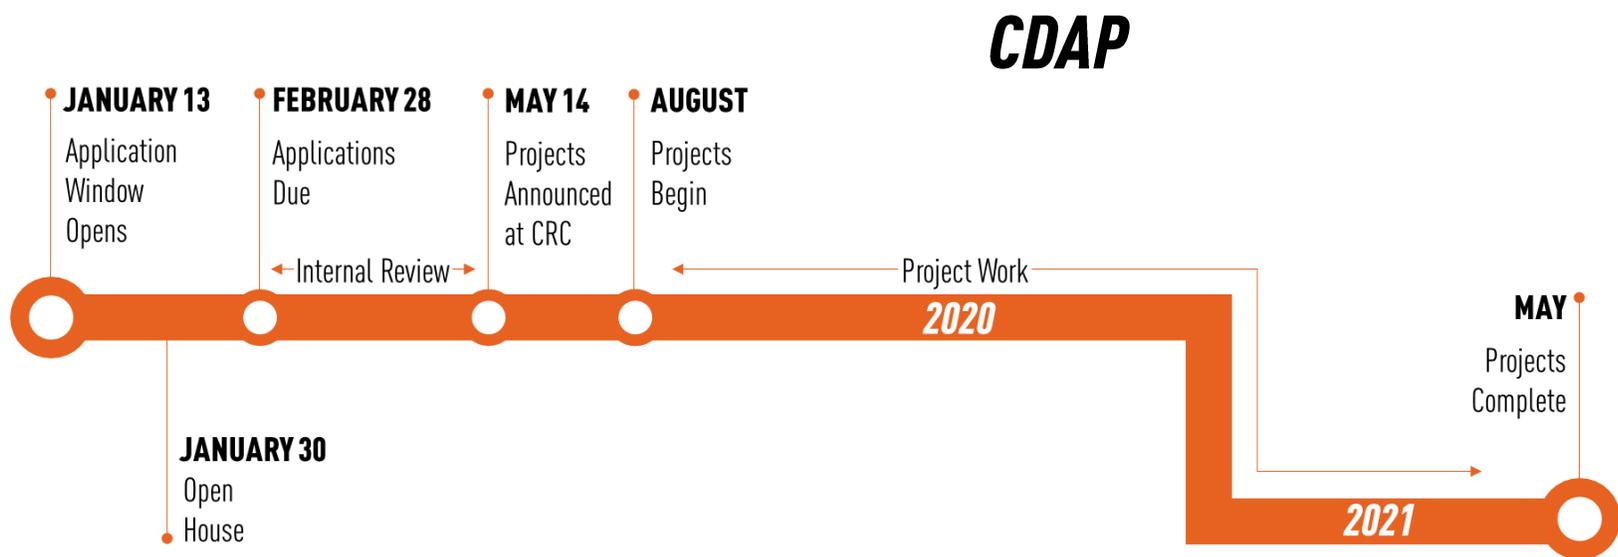

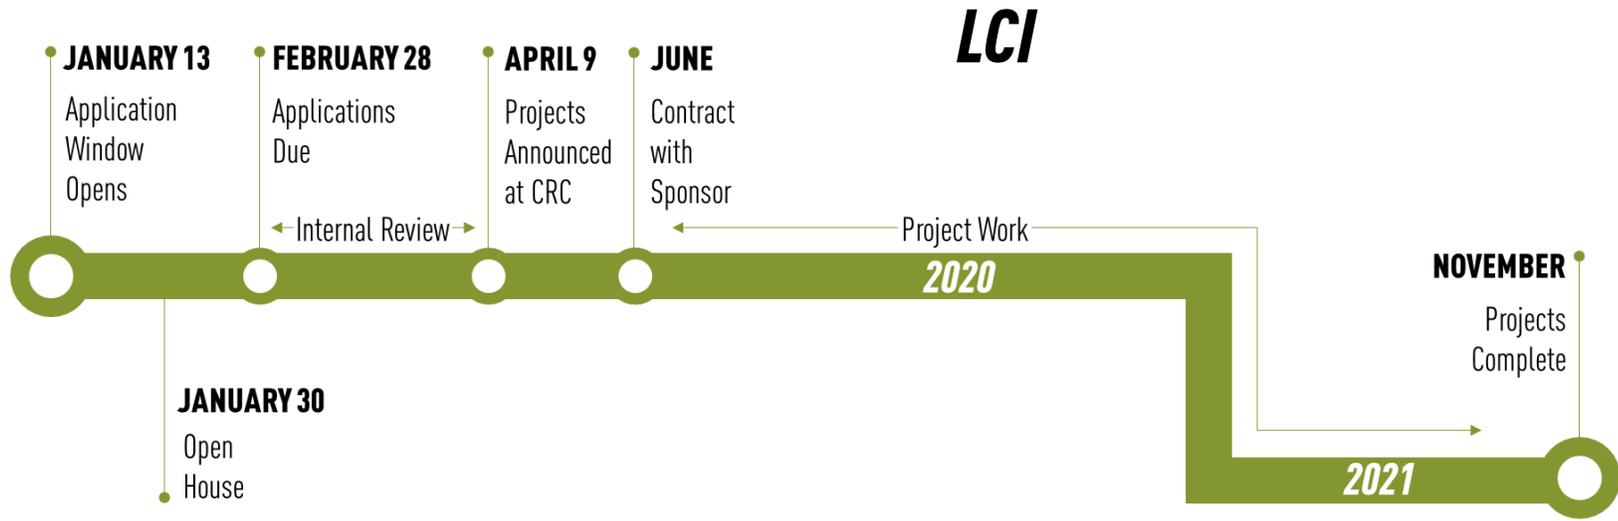

TRAINING

Structured education and awareness programs to help a diversity of decision-makers make well-informed decisions.

FACILITATION

Consensus-building activities to help stakeholders achieve desired outcomes for a given program or project.
