<b>Charles Oddo</b>	John O'Callaghan
<b>Rochelle Robinson</b>	Jannquell Peters
<b>Steve Tumlin</b>	Narender Reddy
<b>Jeff Turner</b>	Bob Weatherford
	Doreen Williams
	Yvonne Williams

**1. Welcome and Chair Comments**

*Richard Oden, Chair*

**2. Public Comment Period**

**3. Regional Snapshot: Costs (of Living): Do They Benefit Atlanta?**

*Audrey Spiegel, ARC*

Consumers and businesses weight absolute and relative costs of living highly in making relocation decisions. ARC Research uses the Council for Economic Competitiveness (C2ER)'s Cost of Living (COLI) Index to look at historical and current cost of living trends for Atlanta and other metros.

**4. Climate Resiliency: Challenges and Planning Opportunities**

*Danny Johnson, ARC*

What are the likely changes to the future climate in metro Atlanta? How will these changes affect water supply and quality? What are infrastructure adaptations necessary to ensure regional readiness to these potential changes?

**5. Population Estimates—Which Tell Us What, When, and Why?**

*Jim Skinner, ARC*

Many groups, public and private, produce intracensal population estimates for metro areas, counties, and cities. Census Bureau estimates are almost inarguably “chief” among these sources-- in terms of comprehensiveness and methodology. We will review the Bureau's estimates for 2015, as well as trace ways in which they are a key “feeder”/ contributor to ARC's own major jurisdiction estimates that come out each August.

## 6. What Happens After High School?

*Mike Carnathan, ARC*

A fantastic new tool developed by the Governor's Office of Student Achievement (GOSA) allows us to see what happens to high school graduates a year or several years later after tossing their mortar boards into the air. We can even see this by individual high schools.

## 7. Other

Chairman Oden directed the committee to review the resolutions developed by the Model Atlanta Regional Commission's Community Service Committee.

## 8. Adjourn

This meeting agenda and all of the attachments can be found on the web at <http://www.atlantaregional.com/crc>. The Community Resources Committee (CRC) is a Board level committee of the Atlanta Regional Commission (ARC) focusing on issues related to communities and sustainability. A 10-minute period for public comments is designated at the beginning of each regular CRC meeting. Each commenter must sign a Request to Speak card before 11:45 a.m. on the meeting date. Each speaker will be limited to two minutes. If the comment period expires before all citizens have an opportunity to address the Committee, citizens will be invited to provide their comments in writing.
