An update on ARC's Comprehensive Plan program

As a subcommittee of the ARC [Community Resources Committee](http://www.atlantaregional.com/lucc), the [Land Use Coordinating Committee](http://www.atlantaregional.com/lucc) (LUCC) convenes its members to give local insights to ARC's regional planning work, and to collaborate on local land use planning issues in the Atlanta region and their connections to economic development, the environment, transportation, historic preservation, and quality of life. This meeting agenda and all relevant attachments can be found online at <http://www.atlantaregional.com/lucc>.

Pints for Parks: Tuesday, May 3rd from 6-9pm at Orpheus Brewery next to Piedmont Park (and overlooking the Atlanta BeltLine). Attendees get 7 beer tastings, great local food, a silent auction and more. Proceeds from the event help to support Park Pride's Friends of the Park program, a program that engages local communities to get involved in their local, neighborhood parks. Individual tickets are just \$35. Lunch will be served to the first 50. You do not need to RSVP because I will be out of town that week, and unfortunately missing this lecture. Please contact Julian Juergensmeyer with questions at jjjuergensmeyer@gsu.edu
