appendix C

non-profit cultural organizations technical NTEE codes

A complete list of National Taxonomy of Exempt Entities (NTEE) codes that make up the source for the list of non-profit cultural organization is included in this appendix.

In 2007, the New England Foundation for the Arts (NEFA) produced a report aimed at building a framework to define the Creative Economy in a way that could standardize local, regional and national studies. *The Creative Economy: A New Definition*, cleared the confusion created through inconsistent reports to create a core set of codes in standardized data sources that could be used to identify cultural organizations.

To create a comprehensive list of non-profit cultural organizations in Georgia, the same core group of creative economy related National Taxonomy of Exempt Entity (NTEE) codes have been used.
