

**2024 Atlanta Regional Freight Mobility Plan Request for Proposals
Questions and Answers**

- 1. Will the contract be Firm Fixed Price or Time and Materials? If the former, will ARC accept a billing schedule for invoicing (deliverable-based or equal monthly installments)?**

The contract will be firm fixed price. ARC's contracts require monthly billing supported by progress reports.

- 2. For Task 5, the scope references updated traffic count data and freight-related model inputs. Is it expected that the consultant will test updated data as part of a model calibration?**

No, the consultant will not need to test updated data as part of a model calibration.
