

Atlanta Regional Commission  
regional impact + local relevance

# ARC 2020 ANNUAL REPORT – **ATLANTA REGION**

A decorative graphic on the left side of the page consists of several overlapping, fan-shaped geometric shapes in various colors: dark blue, orange, teal, green, purple, light blue, and red. These shapes radiate from a central point, creating a dynamic, abstract composition.

**August 2020**

ARC works closely with local governments and community partners in metro Atlanta to improve quality of life and secure future success. This report measures progress in the region in the three long-range goals of the Atlanta Region's Plan: providing **World-Class Infrastructure**, fostering **Healthy, Livable Communities**, and developing a **Competitive Economy**.

## WORLD-CLASS INFRASTRUCTURE

ARC works with its regional partners to develop and maintain world-class infrastructure, including a transportation network that improves mobility, and a sustainable supply of clean water.

### Improving mobility across the region

**A \$2.5 billion** in federal and state transportation funds allocated in 2020 throughout the Atlanta region. Key projects will include:

- Major highway improvements, such as interchange improvements on I-285 at I-20 West and I-20 East
- Multi-use trails and bike-ped projects across the region
- Road widening on key arterials and safety projects such as bridge replacements

**21 million** fewer miles traveled by the **18,243 metro Atlanta residents** who participated in the **Georgia Commute Options** program, saving them **\$12.3 million** in fuel and vehicle maintenance costs.

### Securing a sustainable future

**3,995** toilet rebates were received by Atlanta region residents, facilitating the replacement of older, inefficient toilets.

Through the **Metro Water District's** education programs, ARC assisted local governments throughout the region in increasing public awareness of water conservation issues through programs such as the eighth annual **Water Drop Dash 5K Race**, held virtually for the first time and had nearly 300 virtual runners of all ages, and the **annual High School Video Contest**, which had 25 entries with over 30 students participating from across the metro region.

## ARC's COVID-19 RESPONSE

### Helping organizations transition to teleworking

Georgia Commute Options (GCO), a program managed by ARC, quickly mobilized to help organizations launch teleworking programs as the pandemic led to shelter-in-place orders.

The agency also developed online tools to provide additional guidance, including webinars and a "Telework Quick Start Guide" geared for businesses and local governments.

A GCO survey of business executives found that **69% said more employees will work from home periodically going forward, while 23% said more employees will work from home on a full-time basis.**

# HEALTHY, LIVABLE COMMUNITIES

ARC works to foster vibrant, pedestrian-friendly communities and supports healthy living and aging by offering a range of services for older people and individuals with disabilities.

## Improving quality of life for residents of all ages & abilities

**\$14.5 million** in state and federal funds to **metro Atlanta Senior Services** for direct services provided to residents, including **congregate and home-delivered meals, in-home support services, transportation, and case management.**

ARC's **RSVP Volunteer Program** clocked **3,129 volunteer hours** and reached **11,352 individuals.**

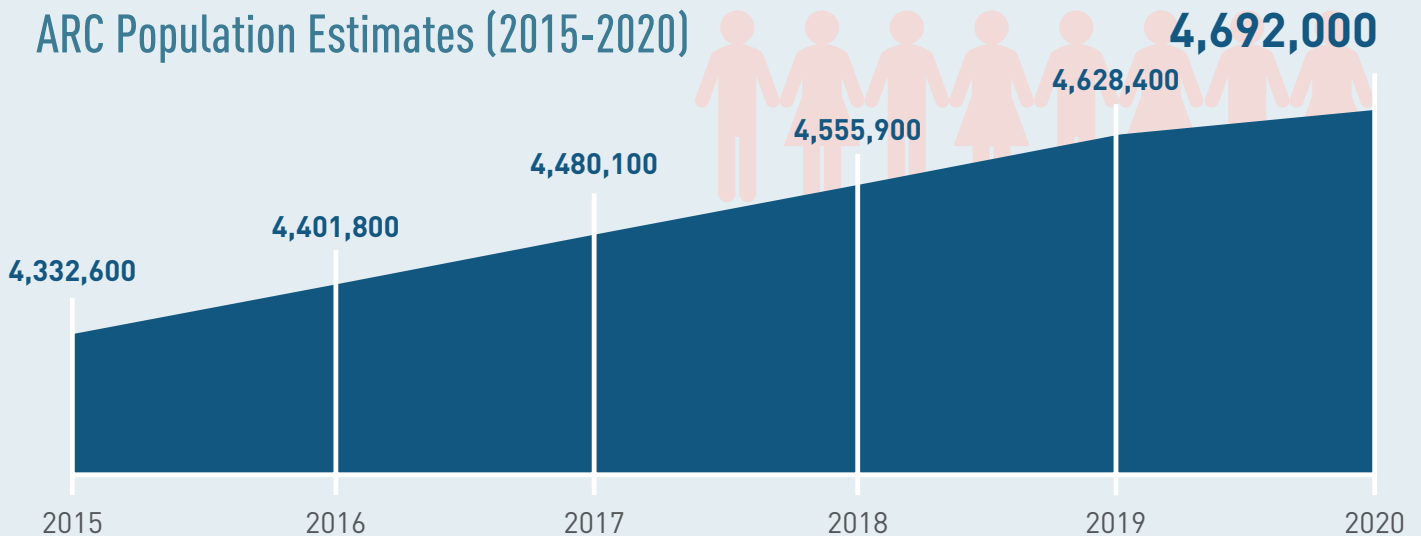

## Making Atlanta an even better place to live, work, and play

ARC has awarded **\$1.4 million in Livable Centers Initiative** study grants to help 11 metro Atlanta communities develop plans and policies to create more vibrant, walkable, and connected places.

**10 Atlanta region communities** will also receive critical planning and technical support through the Community Development Assistance Program. ARC will provide a combination of staffing resources and grants to support a wide range of community development initiatives that aim to improve quality of life for residents.

# BY THE NUMBERS: METRO ATLANTA POPULATION

## ARC Population Estimates (2015-2020)

# ARC'S COVID-19 RESPONSE

## Serving older adults and people with disabilities

ARC helped partner organizations adapt their funding to respond to older adults' critical needs, providing weeks of home-delivered meals to those on a high-priority waitlist for this service.

ARC allocated **\$5.4 million nationwide in federal Families First and CARES Act dollars**, as well as philanthropic funding, providing a range of critical services including caregiving, wellness support, and nutrition services.

# COMPETITIVE ECONOMY

ARC works with its regional partners to ensure our economy remains thriving and competitive.

## Planning for a stronger, more competitive economy

ARC's CATLYST program is a 5-year effort designed to improve regional competitiveness and collaboration throughout the 10-county region and the City of Atlanta. Through the hard work of volunteer project teams and ARC staff, CATLYST will ensure that metro Atlanta has good jobs, a well-trained workforce, and the regional collaboration needed to invigorate economic growth. CATLYST has launched three work programs:

- **Ramping up Regional Marketing Alliance** – CATLYST continues to convene the Atlanta Regional Marketing Alliance and support the group's efforts to make an even greater economic impact across the region. Through the work of this collaborative group, two regional marketing events were held and the Metro Atlanta Opportunity Zone Prospectus was created ([www.metroatlantaOZ.com](http://www.metroatlantaOZ.com)).
- **Analyzing Root Causes of Disconnected and Displaced Workers** – Through a collaborative effort, CATLYST is supporting a team in exploring the barriers that prevent people from finding meaningful employment and identifying approaches to ease the pathways to good jobs.
- **Identifying Effective Affordable Housing Strategies** – CATLYST continues to support a multi-disciplinary team in creating a regional strategy designed to increase the availability of quality, affordable housing. For more information and the latest updates on the strategy, visit [AtlantaRegionalHousing.org](http://AtlantaRegionalHousing.org).

## Cultivating leaders to meet the region's challenges

**142** metro Atlanta residents took part in **ARC leadership programs**, including: Regional Leadership Institute (RLI), Arts Leaders of Metro Atlanta (ALMA), and Model Atlanta Regional Commission (MARC).

# ARC's COVID-19 RESPONSE

## Supporting Dislocated Workers

WorkSource Atlanta Regional, managed by ARC's Workforce Solutions group, developed new digital tools on [atlworks.org](http://atlworks.org) to assist people who lost jobs due to the pandemic. These tools included online job listings and virtual training education while Career Resource Centers were closed. Topics included:

- How to Get the Career You Want Now
- Interviewing Tips, and Dealing
- Grief That Comes With Job Loss.

## Providing Resources to Local Governments

ARC developed data tools and held a series of weekly webinars to help local governments navigate the health and economic crises. Webinar topics included:

- COVID-19 Economic Impacts on Metro Atlanta
- Adapting Municipal Budgets to COVID-19
- Supporting Local Businesses During COVID-19.

All data is fiscal year ending June 30, 2020 except the population data, which is year ending April 30, 2020.
